

PERFECTION

Alfalfa

The latest advancement in StandFast technology

Profile

Perfection is a high yielding alfalfa featuring the unique StandFast® Fast Growth trait that offers up to 30% faster growth than other competitive alfalfa varieties, resulting in extra cuttings and more harvestable yield each season.

Perfection was selected for high forage dry matter yield and high NDFD. It has dark green leaves and a tall growth habit.

- High multifoliate expression and fast recovery
- Well suited for silage production and dairy producers

Resistance to diseases
